

# Signs of the Times??

Missing? Obscured? Confusing?  
Excessive? Downright Ugly?

County signs that need to be  
added, changed, eliminated  
improved, upgraded?

## TELL US ABOUT IT!

October, 2007 – May, 2008

1. Walk or bike your neighborhood to find examples of signs that the County needs to change
2. Identify location by block, street number, intersection or GPS coordinates (for the techies among us)
3. Forward suggestions/photos by email or snail mail to Burt Bostwick, 3832 Military Road, Arlington 22207 or [burt@civfed.org](mailto:burt@civfed.org)
4. See best and worst examples at each monthly meeting. Vote in May on a Transportation Committee resolution requesting County action.

See reverse for typical signs.  
And, the "Arlington Swoosh"  
is off limits!
